C3000

STAVANGER C3000

Compact Oxygen backpack

The STAVANGER® C3000 is a compact oxygen backpack for O₂ cylinders up to 2 litres. In the lid there is a foil pocket that can be closed with a 2-way zipper for storing necessary ventilation accessories. The proven 2-handle design and the shoulder strap included in the scope of delivery make it comfortable to carry, even as a bag. The Stavanger® C3000 is also designed for oxygen supply during transport.

Safety belt enables flow adjustment during the transport

Safety belt for Oxygen module
