Accumax Tips

Accumax Tips

Quality and purity are of the utmost importance when it comes to using Tips in laboratories as it has a huge impact on the final outcome of your work. But, profits reign supreme in today's market and most manufacturers actively cut-corners to increase their profit margins which results in a less-than-satisfactory experience for the customer.

Most of the Tips manufacturing companies around the world produce Tips in open environment with very little access control. Also, many Tips manufacturers utilize reprocessed material to reduce cost affects aspects of quality.

With a superior manufacturing infrastructure that boasts of a fully automatic human touch-free manufacturing plant with clean room class 100K Accumax is the gold standard when it comes to purity and quality in manufacturing of Tips. Using state-of-the-art manufacturing techniques and raw materials and sticking to established standards, every batch of Tips that leaves the manufacturing assembly speaks volume about our impeccable manufacturing infrastructure and stringent quality control process.

As a result, these Tips high-quality are certified to be free from all affecting biological elements such as DNase, RNase, Endotoxin, Pyrogen and ATP.

Product Features

World-class Infrastructure
And Facility For Tubes
Manufacturing

Swiss-made Diamond
Finish Mold For Flawless
"Super Smooth"
Internal Surface

Non Cytotoxic

US FDA Approved Medical
Grade Virgin Polypropylene
Plastic Without Any Trace Of Metals.
Highly Transparent And Clear

Certified DNase, RNase,
Pyrogen, Endotoxin, Human
DNA & PCR Inhibitor Free.

Product Features

Special Design
Prevents DNA
Denaturalization

All Tips Have Graduation
Marks Which Act As Visual
Checks To Minimize Any
Risk Of Errors During
Sample Aspiration

Innovative Design For
Adaptability With A Wide
Range Of Pipettes.

Low Retention Tips.
Free From Any Softening
Agents Which Could
Influence Sample Results

Specially Developed PE Filters
Stop Aerosols & Contamination
From Entering Into Pipette
And Thus Lessens The Risk
Of Cross-contamination

Multiple Packing
Options - Rack,
Bulk & Reload
